BOROUGH OF SEWICKLEY REORGANIZATION MEETING MINUTES  
JANUARY 3, 2022. STATEMENT READ FROM COUNCIL PRESIDENT MULLINS

To Sewickley Borough Council:

When I began serving on Council in 2018 I had no idea that it would lead to this. I will work everyday to live up to the trust you've placed in me.

I want to congratulate each of our new members and commend all of you for stepping forward to serve your community. I've read and re-read each of your pre-election statements. If there's one unifying theme it is your commitment to transparency & accountability. That message came through loud and clear.

I also want to thank each of the members who have left this body as well as those who continue to serve for their work over the years. None of us is in this alone. We stand on the shoulders of those who came before us and it's our job to build on their successes.

In my view the presiding officer's responsibility is one, to run efficient meetings; two, to leverage your time through effective committee work; and three, to keep everyone in the information loop. Above all the president needs to keep our body focused on key priorities so we can build a record of accomplishment.

As President my goal is to make this a productive and fulfilling time to serve on Council and with your help I think we can do that.

Now it's time to get to work.

Cynthia Mullins  
President, Sewickley Borough Council

STATEMENT FROM COUNCIL PRESIDENT
