

2018 Trash and Recycling Information From Waste Management

Waste Management is excited to continue trash and recycling services in your community in 2018. We will continue to provide weekly trash service along with every other week automated single-stream recycling collection services. Recycling benefits your community as it not only conserves natural resources, but it also helps reduce the amount of materials sent to the landfill. Plus, with single-stream recycling, all your recyclables can now go into one container – no more sorting of materials.

We look forward to helping your community be as clean – and green – as possible throughout 2018 and beyond.

Collection Times

Your collection day will not change in 2018. All material must be placed at the curb no later than 6 a.m. on the day of collection. After collection, any carts used for trash or recycling should be removed no later than the evening of your collection day.

Missed Collections and Additional Information

Despite our best efforts, we occasionally miss scheduled collections. If we do, please call us at **(800) 866-4460** as soon as you can. Our representatives will work with you to ensure that your materials get picked up. You can also visit us at www.wm.com for live chat and email options.

Inclement Weather

Severe winter weather can be a challenge to our daily operations. At times, we find ourselves juggling to keep the safety of our employees at the forefront, while continuing to provide our customers with the timely service you deserve.

Every decision that we make is for the safety of the community, its residents and our employees. During periods of heavy snow, ice and freezing temperatures, we must make the tough decision to suspend operations until conditions improve for us to recover. Our team will be providing customers with service alert updates at www.wm.com. When possible, we may also notify you by phone or email if your collection route is cancelled or will be delayed.

2018 Observed Holidays

Waste Management observes the following holidays. When your collection day falls on or after one of these holidays, your service will be delayed one day during that week only.

**New Year's Day
Memorial Day**

**Fourth of July
Labor Day**

**Thanksgiving Day
Christmas Day**

Recycling Information

Your recycling collection day will not change and will be collected bi-weekly, the calendar will highlight your collection week. Please follow the guidelines on the Recycle Often. Recycle Right. SM poster to make sure you are recycling right. **Do not bag recyclables, place them loose inside your bins or carts.**

Waste Management Recycling Collection Schedule

Your trash and recycling collection day will not change in 2018. Please visit your municipality's website or contact Waste Management if you need to verify your collection day. Recycling collection will occur every other week and will begin during the week of January 8, 2018. Recyclables must be placed in your recycling cart, please do not place material in plastic bags. No material outside of the bin will be collected.

Waste Management Contact Information:

Residents looking for information about billing or that have other general service questions can contact Waste Management at 1-800-866-4460. Representatives are also available through chat and e-mail by visiting www.wm.com.

Recycling will be collected bi-weekly. Please following the guide below to make sure you are Recycling Right.

For more information visit: www.RecycleOftenRecycleRight.com

DO NOT BAG RECYCLABLES

RECYCLE OFTEN:

Metal Cans

Steel, tin & aluminum soda, vegetable, fruit & tuna cans

Plastic Bottles & Containers #1-5 & 7

Paper

Brown paper bags, non-confidential office paper, newspaper, magazines

Paper Cardboard, Dairy & Juice Containers

Flattened Cardboard & Paperboard

Glass Bottles & Jars

RECYCLE RIGHT:

Things you can do to ensure quality material is recycled:

DO NOT INCLUDE: Food waste, plastic bags, or polystyrene foam cups & containers

Paper and cardboard must be dry and free of food debris.

Paper food containers must be rinsed out, no caps.

Tissues, paper towels or other paper that has been in contact with food is not acceptable.

Make sure food contamination and caps are removed from cans and plastics and all containers are empty.

Separate plastic lids from plastic bottles (often made from different materials)

Keep medical waste (syringes, needles) out of recycling containers or place in safe disposal containers like Waste Management's MedWaste Tracker® box.
