HOMEOWNER ALERT ABOUT LEAD-BASED PAINT:

Allegheny County Health Department – Dr. Bruce Dixon

As you may know, a federal regulation requires that owners and occupants of a house or apartment built before 1978 are given a pamphlet about lead safety before the start of any renovation work. The requirement applies to any work that will disturb a painted surface larger than two (2) square feet when the work is performed by a contractor or a landlord's maintenance staff. No requirement exists, however, for notifying homeowners who do renovation work by themselves. I am requesting that your municipality voluntarily alert owners of houses built before 1978 about lead safety when they apply for a building permit.

Homeowners expecting to disturb paint in houses built before 1978 can obtain a list of certified lead inspectors and lead abatement contractors by calling 1-888-LEADLIST or by visiting the National Lead Service Providers' Listing System web site at www.leadlisting.org. Bruce Good, Manager of the Health Department's Childhood Lead Poisoning Prevention Program, can be contacted at the number (412) 578-7942 if your code enforcement officers have questions about lead safety or wish to obtain brochures about this subject. Residents having questions about lead safety should be directed to the Health Department's general number at (412) 687-ACHD.
